

Out of an abundance of caution due to concerns over the corona virus pandemic, Mid-Coast Solid Waste is suspending some transfer station services for what we are hoping will only be for a limited time. We anticipate the normal hours of operation Tuesday - Saturday 8am to 4pm, to continue. Here is a rundown of changes that are being implemented **effective Tuesday, March 24 2020** until further notice:

**The landfill will continue to accept CD&D.**

**Brush, Metal and Sheetrock areas are also currently open.**

- The acceptance of ALL recycling material will be halted (except for corrugated cardboard).
- All recycling materials (except for corrugated cardboard) must be placed in a yellow household trash bag to eliminate exposure for our staff.
- ALL yellow trash bags must be securely tied closed – no open bags.
- ONLY flattened Corrugated Cardboard may be placed in recycling bins on site.
- We ask that residents place your broken-down corrugated cardboard in the designated recycling bin, dump your trash and proceed directly out of the facility.
- ALL ScrapDogs Composting Services suspended until further notice. There will be no bucket exchange. Information at [www.scrapdogscompost.com](http://www.scrapdogscompost.com)
- There will be no community bottle donations allowed on site at this time.
- Please follow the instructions provided by our employees.
- Drive with care and cooperate with any temporary traffic patterns and signage.

We are working toward adhering to CDC guidelines while making every effort to protect the general public and our employees'. MCSWC expects these stated changes to be temporary, thank you for assistance! Updates will be posted on our website at [www.midcoastsolidwaste.org](http://www.midcoastsolidwaste.org) and on our Facebook Page under Mid-Coast Solid Waste Corporation. Any questions please call us at 236-7958 or 236-2467.
