Re: Pay-As-You-Throw – Large Yellow Bags

Mid-Coast Solid Waste Corporation (MCSWC) is providing notice to the four (4) member town communities of Camden, Hope, Lincolnville, and Rockport regarding quality concerns of the Large Yellow Pay-As-You-Throw (PAYT) bags.

Due to manufacturing defects, some of the large yellow bags recently purchased by MCSWC are presenting as single sheets of plastic, or may be difficult to open. If defective bags are purchased they may be returned to the Transfer Station Gatehouse, regardless of where the bags were originally purchased, to receive replacement bags.

MCSWC is working diligently with the bag manufacturer to correct the quality issues. MCSWC is also working closely with local vendors to ensure defective bags are not inadvertently sold to residents.

MCSWC appreciates the patience and understanding of the local communities as we work to resolve the yellow bag quality concerns.

Serving the Towns of Camden, Hope, Lincolnville, and Rockport
